USASA JUNIOR PROGRAM MISSION

USASA Juniors are our vision and hope for the future of the Australian Shepherd and our handlers of tomorrow. The values, attitudes and responsibility learned through junior handling will serve our youth throughout their lives. The mission of the USASA Junior program is to promote and encourage responsible ownership, education, training and handling techniques for our youth, as well as becoming active in USASA. This program is designed to offer nationwide interaction, education and the measurement of achievement. The vision of the program is to develop the knowledge of today’s Juniors, to enable them to be rewarding exhibitors & breeders of tomorrow.

GETTING STARTED IN JUNIOR HANDLING

Junior Showmanship shall be judged solely on the ability and skill of the juniors in handling their dogs as in the breed ring. The show qualities of the dogs shall not be considered. Junior handling encourages Juniors to experience competition with their peers, while learning the responsibilities of dog care and training skills. *Good sportsmanship* is emphasized among Juniors at all levels. Professional handlers at the Junior age level are not eligible for competition.

Juniors who are at least 9 years of age and are not over 18 years of age on the day of the show may compete in Junior Handling.

Juniors must apply for an AKC Junior Handler Number prior to entering any event. You need only apply once. Numbers are easily obtained by calling, emailing, or by going online:

**AKC Junior Handler Number Request**  
Phone: 919-233-9767  
Email: juniors@akc.org  
Website: [http://www.akc.org/events/junior-showmanship/](http://www.akc.org/events/junior-showmanship/)

Once a junior has obtained their AKC Junior Handler Number, they can register to be a USASA Junior Member by registering with the United States Australian Shepherd Association (USASA) by contacting the current USASA Membership Chair, or via the online registration form at:

**USASA Junior Handler Registration**  
Membership Chair  
Website: [http://www.australianshepherds.org/about-usasa/board-of-directors-and-committees](http://www.australianshepherds.org/about-usasa/board-of-directors-and-committees)

Website Junior Handler Application: [http://www.australianshepherds.org/about-usasa/membership/online-membership-application](http://www.australianshepherds.org/about-usasa/membership/online-membership-application)
Dogs being exhibited in any junior handling event must be AKC registered, although they may be neutered or spayed. Bitches in season are NOT eligible to show. The dog must be owned or co-owned by the Junior or the Junior’s parents, siblings, uncles, aunts, grandparents, including any step or half relations, as well as any permanent resident of the Junior’s household, as recorded with the AKC at the time entries close; or an application for transfer of ownership must be sent to the AKC by the new junior owner within **SEVEN DAYS after the last day of the show**. A Junior Handler Signature Form can be found in the Junior Section on AKC’s website. When adding a junior handler as a co-owner of an AKC dog, be sure to include the original dog’s registration with this form and contact AKC for the appropriate registration fee to include with the form.

Entering an AKC dog show requires that the Entry Forms be submitted at a time prior to the start of the actual event, usually two to three weeks in advance. This is called the CLOSING DATE. Forms may be handwritten or typed and mailed in or completed online, as long as they are received prior to the Closing Date. The dog’s registration number and the Junior’s AKC Junior Handling number must be on the Entry Form. There are also internet services that will charge a small fee to electronically enter events. The most common AKC entry website is [www.infodog.com](http://www.infodog.com).

If the junior has never shown before, it is recommended that they attend at least one dog show and observe the Junior Handling classes. All AKC sanctioned dog shows will have a Superintendent present, where general information on AKC and sanctioned events may be available.

**GROOMING AND EQUIPMENT**

A well-groomed dog shows that the Junior is properly able to care for their dog’s coat and well-being. Importantly, the dog should be clean, brushed, free from mats, and have their nails clipped or ground.

Some basic grooming guidelines:

- Brush your dog frequently to promote coat growth and healthy skin.
- Check for mats behind the ears and under the legs. If you cannot remove them yourself, ask for some help from someone who can.
- Check your dog’s teeth for excessive tarter build-up. There are many dog dental care products available – like toothbrushes and liquid solutions.
• Keep your dog’s nails short. File, clip or grind them once a week. The ideal length is when your dog walks across a hard surface; you can’t hear the nails click on the floor.
• Bathe your dog before the show with a good dog shampoo. Rinse well, because any shampoo left in the coat will make the skin itch and dry out.
• Blow drying your dog will lessen the chance for matting and gives a nice finish. Make sure you use a setting that has no heat, as heat will damage the coat.
• Trim excessive fur where needed, like the fringe on the ears, tail, and paws. Ask for help from someone who knows how to do this until you are able to do this yourself. Remember that excessive trimming and sculpting of any kind is NOT ALLOWED!

Using the proper length lead and collar is very important for maintaining proper control of the dog in the ring.

Leads come in a variety of lengths, and are usually either leather or nylon. Common lengths are 24, 36, and 48 inches. The handler will want to keep any excess lead tucked away in their hand, so the appearance is always neat and clean, therefore a shorter lead may work better for some. Some handlers have very fast moving Aussies who will get slightly ahead of them. In those cases, a longer lead may be more appropriate. Remember to use what is comfortable and easy to handle for you.

Collars also come in a variety of lengths and styles. Most commonly used are extra fine link collars, in either a choke or martingale. For a choke style, bitches may use a collar as small as 16 inches, while males may require as large as 20 or 22 inches. Collars should fit snugly going on, and rest behind the ears, at the top of the neck.

**DRESS CODE**

Handlers should dress in a professional manner, showing respect for the judge and their ring. Ladies may wear suits or blouses and skirts (skirts should be no shorter than 1 inch above your knee). Pants and skorts are also acceptable, although not preferred. Gentlemen may wear suits or trousers, dress shirts and ties (ties should be securely fastened with a tie tack). Less formal attire is permitted. However, casual clothing such as jeans, shorts, cut-offs, miniskirts, sweats, midriff baring shirts, halter tops, flip-flops and the like are strongly discouraged.

It is a good idea to wear jackets or skirts/pants that have pockets. Most handlers use bait, and pockets can really come in handy!

Shoes should be rubber soled, with no rising heel. The rubber soled shoes hold two purposes – to give a better foot-hold when gaiting, as well as not being as harsh if the handler accidentally steps on a dog’s paw.

Hair should be off of the face, and not distracting. Many handlers will opt to wear their hair in buns or pony tails. Excessive jewelry is not recommended.

A good rule of thumb: Dress for success and don’t forget to wear your smile! 😊
JUNIOR HANDLING PATTERNS

These are common junior handling patterns. Judges may or may not use them, or even have different ones.

The "Triangle"

Typically, the judge will be close to a ring side. The handler will travel on ring side straight away from the judge to the ring corner. Handler will follow ring side to far corner. Handler will return back to judge on a 45 degree angle. Handler may want to circle turn the dog in front of the judge, depending on if large sized dog. Directional change turn is also allowed. Handler should slow down about 10 feet from judge and present a self-stack at about 6 feet from judge.

The Reverse “Triangle"

This pattern is done in a mirror or backwards image of the Triangle. Handler will always travel on the ring side. Handler should give thought to the return angle – it can be a little tricky if not prepared.
Typically, the judge will be close to a ring side. The handler will travel on the ring side straight away from the judge to the ring corner. Handler will follow ring side to far corner. Handler must change hands at far corner (Cross-over turn). Optional change hands at return corner – advantage: puts handler on inside of ring instead of ring side, allowing for more presentation room of the self-stack.

The “L”

This pattern is done in a mirror or backwards image of the L. Handler will always travel on ring side.

The “Reverse L”
The "T"

This pattern is done with the judge in the middle of a ring side (verses a corner). Handler will travel straight away from judge to opposite ring side, in the middle of the ring. At opposite ring side, handler turns to the left to ring corner. Change hands and travel to opposite far corner. Change hands and return to point of original turn (midway), return back to judge and present. (Self-stack)
**JUNIOR HANDLING TURNS**

These turns are some of the more common turns that Handlers will encounter.

**“The Courtesy Turn”**

The Handler and dog move together in this pattern. No changing of hands. This turn can be done coming from either way. In this diagram, the Team would have started to the slight left of the judge, crossed in front of, circled on the right of the judge, and the end of the turn the Handler’s back is to the judge’s front, and the Team moves away from the judge in the desired direction.

**“The Cross-Over Turn”**

The Handler and dog move together going into this turn, come apart, and go back together. This turn is useful for “L’s.” This turn can be done coming from either way. The Handler and dog are traveling to the right, with the lead in the Handler’s right hand. The Handler will pause in forward movement, extend right arm out to guide the dog to turn in towards the Handler, to cross the dog in front of the Handler. At midpoint of this turn, the Handler will bring forward their left hand to meet the right and change hands, at the same time moving their body in way of the new direction. Dog and Handler should end up facing the same direction, in this example the dog is on the left.

**“The Directional Change Turn”**

The Handler and dog move together in this pattern. No changing of hands. This turn is useful for “Triangles.” This turn can be done coming from either way. In this diagram, the Team would be traveling to the left, coming to a ring corner, Handler and dog turn to the right, crossing over their original path, and begin to go in their new direction. (Usually coming back on a diagonal mat.)
THE AWARDS PROGRAM

The USASA Junior Awards Program exists to recognize the achievements of individuals for their Handling efforts and Performance scores through training and exhibiting AKC registered Australian Shepherds at AKC sanctioned Junior Handling shows, and performance events.

A Junior **MUST** be an USASA Junior Member in order to accumulate points and to be eligible for awards. Points begin to accumulate **on the date you become a member.** Once you have become an USASA Junior Member, you will remain a member until you age out of the AKC Junior Program. The Annual Year will run from January 1st to December 31st, inclusive.

JUNIOR HANDLING

The Awards Program standings are tabulated by using a point system, whereas one point shall be awarded for each exhibitor that the youth places over in their entered class. In example, the first place Junior in a class of 5 would receive 4 points; the fourth place Junior would receive 1 point. Any Junior who is awarded a Best Junior Handler win, will be given 1 point for each exhibitor the youth places over in all the classes. Best Junior wins supersede class points. Competition need not be present in the class for points to be awarded for Best Junior Handler wins. In example, a total entry of 30 juniors – 15 Open Juniors, 5 Open Intermediate, 1 Open Senior, 9 Master Class – the Open Senior wins Best Junior. Although there were no other juniors in their age division class, the Best Junior Handler win will earn a total of 29 points. Shows offering Reserve Best Junior Handler awards will be calculated in the same manner as Best Junior points, whereas Reserve Best Junior wins will supersede class points. Point calculations will be 2 less than the total junior entry (subtract yourself and the Best Junior). In the above example, the Reserve Best junior would earn 28 points. Placements and/or Best/Reserve Best Junior Handler wins from the Master Class will be calculated in the same manner as above, however the junior’s status will remain in their Open Division class for year-end awards.

Juniors **must** receive a **minimum of TEN (10) points** during the Annual Year to be eligible for any of the Awards available.

Juniors will carry their points with them for the Annual Year, regardless if they change from Novice to Open, or age up into another Class. When a change in class occurs, the Junior will not be placed into the new class **until** they have competed in that particular class.
**Junior Class**
At least 9 years old and under 12 years old on the day of the show

**Intermediate Class**
At least 12 years old and under 15 years old on the day of the show

**Senior Class**
At least 15 years old and under 18 years old on the day of the show

**Master Class**
At least 9 years old and under 18 years on the day of the show, who have won 10 Best Junior Handler wins with competition. The calendar for this class will be consistent with the eligibility dates for the AKC National Championship

**Novice Classes**
Juniors who, at the time entries close, have not won three (3) first place wins in a Novice Class, with competition. A first place in Novice without competition leading to a Best Junior award where there IS competition counts as one of the needed three (3) wins. Upon completion of three (3) first place and/or Best Junior wins, the Junior is required to transfer all other entries (including closed entries) to the Open classes. If the junior should happen to be at a show when the transfer from Novice to Open happens, they must notify the Superintendent or Show Secretary **at least one-half hour prior** to the scheduled start of Junior Showmanship judging at the show.

**Open Classes**
Juniors who have won three (3) first place wins in a Novice Class, with competition.

It is the responsibility of each USASA Junior to maintain their own records and not rely solely on the USASA Junior Committee to do this for you. AKC has conveniently added a FREE way to track and double check your wins by visiting their website at [www.akc.org](http://www.akc.org). Juniors can follow up on their Showmanship points, ownership of dogs, and their Performance legs and titles by viewing/printing off their FREE Junior Showmanship/Performance Report within their My AKC Account. The report can be accessed from the AKC website by requesting a Junior Handler Access Code from the following link:

One copy goes in with the Judge’s records and the other copy is kept by the Junior.

Juniors can receive form CEJRH1 by contacting:

PERFORMANCE TOP TEN AND DIVISION JUNIOR

For each of the five competitive divisions, the Top Ten Juniors and a single Top Junior will be recognized within the Junior Program Year, January 1st through December 31st, inclusive. All forms are to be postmarked by February 15th for the respective year. We encourage juniors to submit copies of their junior forms and title certificates as soon as they receive them throughout the year.

Awards will be given for:

- Top Agility Junior
- Top Herding Junior
- Top Obedience Junior
- Top Rally Junior
- Top Tracking Junior
- Top Coursing Ability Test Junior

Agility, Herding, Obedience, Rally, and Coursing Ability Test
The Junior who receives the highest point sum of scores shall be the winner.

A junior does not need to earn all legs for a title within that given Junior Year. Junior forms should be turned in for all qualifying runs so that ties can be broken by score points, or if needed, Junior Title Earner Points.

Tracking
AKC only awards a “Pass/Fail” score for this area of competition. The Junior who receives the highest amount of Junior Title Earner Points shall be the winner.

For all divisions of competition, in the event of a tie, both Juniors shall win.
***FOR ALL DIVISIONS OF COMPETITION***

The Junior is responsible for mailing a photocopy of the appropriate form indicating a qualifying score or passing leg to the USASA Performance Coordinator as well as copies of the Junior’s Title Certificates when received from AKC. Certificates and forms can also be scanned and sent via email.

**PERFORMANCE JUNIOR OF THE YEAR**

The USASA Junior Committee will recognize the Performance Junior of the Year.

To qualify and be eligible for the Performance Junior of the Year, the Junior must complete at least one title in two separate divisions of competition within that Junior Year.

*Note: This does not mean that all of the qualifying scores/passing legs for that title must be completed in that given Junior Year, only that the title is awarded by AKC in that given Junior Year.*

Because different areas of competition have different qualifying systems, the USASA Junior Committee has assigned a point value to be given to each possible performance title earned. The point value will be referred to as the Junior Title Earner Points.

The Junior with the highest number of accumulated Junior Title Earner Points will be the winner.

In the event of a tie, both Juniors shall win.

**REMEMBER:** The Junior is responsible for mailing a photocopy of the AKC Title Certificates for the Junior – not the dog – to the USASA Junior Committee Performance Coordinator. (AKC will send a title certificate for the dog and, since Junior Handling Certificates have been sent in with the qualifying wins for that title, they will also send a Title Certificate for the Junior Handler.) Alternatively, the Title Certificate for the Junior can be scanned and emailed. **Deadline for submitting forms is February 15th.**

If a Junior has turned in all Title Certifications needed for a title, and they do not receive both certificates in the mail, they need to immediately contact the Juniors’ office at AKC (contact information given on page 12). If a Title Certification (Form CEJR1H) has somehow gotten lost or misplaced, the office will ask for a copy of the Certification that the Junior kept for their files.

It is the responsibility of each USASA Junior to maintain their own records and not rely solely on the USASA Junior Committee to do this for you. AKC has conveniently added a FREE way to track and double check your wins by visiting their website at www.akc.org. Juniors can follow up on their Showmanship points, ownership of dogs, and their Performance legs and titles by viewing/printing off their FREE Junior Showmanship/Performance Report within their My AKC Account.
The report can be accessed from the AKC website by requesting a **Junior Handler Access Code** from the following link:

https://www.apps.akc.org/apps/kids_juniors/jrauth_request.cfm

Access codes are available to all registered junior handlers.

We will award $200 each to one individual for conformation and one individual for performance. Performance events are all inclusive (agility, fly ball, herding, obedience, rally) and cannot be applied for individually. In other words, a junior cannot win more than $200 per year.
